*Only solicitable classes are allowed to attend RPAC events **and** receive an invitation to an RPAC event. Solicitable class includes any REALTOR® (M1 number), affiliate members (M1 number), association staff and immediate family of the first three membership types (living in the same household-spouse, adult child, etc.).

*No games of chance. Under Idaho law, a **game of chance** is broadly swept into the legal definition of **gambling**, which is strictly prohibited. This means that if an activity involves an element of chance to win a prize, it is generally considered illegal gambling, regardless of how much skill is also involved. Examples include, but are not limited to, raffles, bingo, sport betting, and lottery style games (scratch off tickets, etc.).
